PRINCIPAL'S MESSAGE

It gives me immense pleasure to reach out to all the readers of "BLOSSOMS" July-2014 with much enthusiasm and optimistic attitude. As we look back, our college aspiration is gradually attained during this year with the harmonized work sharing between the Management, The Principal and the faculty members. Our student's firm dedication and hard work has aided them to win many tributes. Today, the role of the college is not only to pursue academic excellence but also to motivate and empower its students to be productive members of an ever changing global society. True and Quality education indeed paves the path for the students to learn new things in a right manner.

We strongly believe in our college Quality policies namely Quality Education; Successful Graduation; Potential Employability; Advanced R&D. I feel proud that all our teaching and non teaching staff sincerely put their efforts to achieve our Goals through our 4 quality circles. I sincerely express my thanks to all our staff members and students for their dedication, hard work, discipline and creative innovation that have helped in taking the college to great heights.

While all of us are happy with the achievements, we remind ourselves that we have a long way to go in reaching our goal. Seeking the continued patronage of dear readers.
