National Seminar on Managing E-Resources

K.L.N. College of Engineering

K.L.N. College of Engineering is the first self-financing co-educational Engineering College in Madurai, started in 1994 by munificence of philanthropist and well wishers in Sourashtra community which is a linguistic minority in Tamil Nadu. Shri. K.L.N. Krishnan was the Founder President. This college is managed by the committee of eminent industrialists and academicians with Shri. K.N.K.Ganesh as President and Shri. S.V.S.Shivnath as Secretary. This college has the approval of A.I.C.T.E, New Delhi and is affiliated to Anna University, Thiruchy. The College offers many UG and PG programmes on various branches of Engineering, Technology, Management and Computer applications

The college has a modern automated library to cater to the needs of the student and faculty members.

About the Library

The Library has a collection of 53,000 volumes and subscribe 250 periodicals. It is equipped with the Digital Divisions comprising of 300 e-books and a good collection of e-journals.

Electronic Resource Section

Library has separate E-Resource section with 20 systems to utilize for students and staff members.

Membership: DELNET, NDEST-AICTE (CONSORTIUM FOR Science Direct and ASME), IEEE, Institution of Engineers.

SALIS

SALIS is a registered professional body, actively involved in the development of all spheres of Library and Information Science (LIS). It has chapters in many places to provide service in the respective regions regularly. SALIS instituted many awards to honor LIS professionals in the country. SALIS also publishes two journals, newsletter, etc for exchange of knowledge. The main objective of SALIS is to Reach the Unreached and to train the LIS professionals to handle the latest IT tools and techniques more effectively and efficiently to provide quality services to the users. SALIS is periodically conducting conferences/ seminars /workshops etc on emerging topics for the benefit of LIS professionals jointly with reputed institutions.

About the Seminar

Most of the Library resources in the recent past are being made available in electronic formats such as e-journals, e-books, databases, etc. Libraries are moving from print to e-resources either subscribing individually or through consortia because of it advantages over print resources. Recent studies show that users prefer e-journals than the print. Managing e-journals and making them available to the users are easy. E-journals provide easy access, search and retrieval, navigation, linking the resources, etc. This seminar will provide a unique opportunity to LIS Professionals to discuss, understand and know more about the different types of e-resources, access management and effective utilization of e-resources.

Objectives

The objective of the seminar is to provide a forum to explore ideas, trends, access and technologies related to e-resources and also discuss about:

- Types of e-resources
- E-resources for Science, Technology, Engineering, Management and Social Science
- Free and Fee based e-resources
- Open Access Journals
- Consortia Models- benefits - AICTE-INDEST,UGC-INFONET,CSIR, FORMA
- Resource sharing
- Search and retrieval
- Managing e-resources through portal
- Access, issues and challenges related to e-resources
- E-resources based information services
- Promoting the usage of e-resources
- Effective utilization of e-resources
- Evaluation of e-resources
- Storage and Preservation of e-resources

Faculty

Senior LIS Professionals in the field from various reputed organizations.

Eligibility

LIS professionals and students
