YEAR: 2010 – 2014

Feedback:

It was 4 years of fruitful learning I got here that put me in a position where I am in now. It was not just the learning that we got here, but also the exposure and guidance from the experienced staff.

The staff and the management were very supportive throughout the span of 4 years that helped us build the knowledge. The staffs were ready to guide us in all possible ways which I am really thankful about.

Special thanks to placement related trainings and placement related sessions which molded us to face the recruitment process in an effective manner.

Thanks again to the Staffs, management for building my future.

TATA Consultancy Services

Year : 2012-2016

Feedback:

It's very proud for me to express my gratitude to my department in the way of feedback. The way the professors teach with real time examples made me to get a broad view on technologies. The environment in the college is very pleasant which tends everyone to learn in a comfortable way. The students, I am free to attend seminars, events, project contest in inter college as well as intra college level. The innovation team - Internet of Things (IoT) in my department made me to develop products in high level and they are very supportive to students and always encourage them to make new stuffs. Not only in technical aspect, our department very much interested in social activities also, had which in turn rooted the awareness on society in student's mind. I am so happy that I am working in a place where I can implement what I have learnt in my department.

Thank you so much for everyone in my department who has been ladder for me to reach the heights.

(HOLDINGS) LIMITED

YEAR: 2013-2017

Feedback:

The teachers are very motivate and encourage students in the way what we want to become, It boosts our learning process. Also we got freedom to organize and participate various events which increase our performance and polish our skills that help us to grow as professionals. The staffs were always very helpful and considerate. Classes have been great, dynamic and fun.

Thank you so much. Words can't convey my gratitude

Feedback:

Excellent exposure to every kind of facilities like Library and technical things. The Professors and the management were very transparent and supportive in Studies wise and Placement side also.

The Staff were ready to guide us in all possible ways which I am really thankful about and that is helped us to build the good knowledge. Special thanks to placement related trainings and placement related sessions which moulded us to face the recruitment process in an effective manner.

Thanks again to the Professors, management for building my future.

Name : RAMYA S

Designation : Faculty

Institute : Indian Institute of Information Technology (IIIT), Trichy

Batch : 2009 - 2013

Feedback:

It gives me an immense feeling to give the feedback about my department. First of all, I would like to thank all the Faculty Members of **ECE** Department, who guided us throughout our college life. They transferred their knowledge to us in all the possible ways (classroom training, lab sessions, seminars, workshops, placement classes, etc.). They were very supportive during our placement time. They trained us in such a way to face all the competitive exams like GATE, IES, ISRO, etc. They guided us when we wanted to pursue our higher education.

Besides, we had a wonderful infrastructure with smart classrooms, well-equipped labs, department library, water dispensers at the vicinity, etc. Here, I would like to mention about our lab technicians, who helped us a lot in understanding each concepts by doing it practically. Finally, I would like to thank our **HOD**, Dr.V.Kejalakshmi, for creating us a very good environment to study.

Thank you for giving me this opportunity to show my gratitude.

Name: Darshan M S

Compancy joined : Chain-sys India Pvt. Ltd.

Year: 2013-2017

Feedback:

I, Darshan M S, Graduated as an Electronics & Communication Engineer in the year 2017. For the period of 4 years, my department of ECE provided me Golden Days of exploring new stuffs. My department guided me in all the ways that would possibly a High Rated Institution can do. My department conducted several Workshops and Technical Programmes not only in core, but also in various programming languages and to have Hands-On in the latest and emerging technologies. Thanks to those.

In addition to it, the Placement cell provided me a Good Platform to expose my learning's and talents and to get placed in a Top Tier company in Chennai, Chain-sys India Pvt. Ltd. as an Oracle Technical Consultant. I would like to thank my HOD Dr.V.Kejalakshmi for providing various opportunities to Learn, Explore and Innovate things. And, I thank all the Teaching and Non-Teaching Staffs for providing a pleasant and great environment to learn. Thanks for supporting me.
