ABOUT THE DEPARTMENT

The automobile engineering department is established in 1999 with an intake of 30 students with a mission to develop the student as techno excellent engineers. The Department has well qualified and dedicated faculty with high academic standards, complete infrastructural facilities and maintains excellent interaction with industries. The Department is running SAE India collegiate club and all the automobile, mechanical engineering students are members of this club. The SAE club is regularly conducting technical events for the benefit of students.

MTAE – 2011 THEME

This decade is witnessing a rapid growth in automobile industry due to abrupt technological advancement, which demands inventions, interactions with specialists in this field. This demand can be met through research platforms like conferences of this type. It also serves as a media of sharing ideas between student's scholars, researchers, academicians, practicing engineers and industrialists, who are well-versed and working with automobile design, development, manufacturing and maintenance of eco-friendly vehicles, alternative energy sources and modern transport systems.

Conference Topics

- Advances in IC Engines
- Autotronics
- Modern Manufacturing System for Automotive Components
- Alternate Fuels
- Automotive Infotronics
- Automotive Diagnosis
- SCM for Automobiles
- Automotive Safety and Ergonomics
- Transport Management
- Special Vehicles
- Concept Cars
- Pollution Control and Fuel Economy
- Aerodynamics
